NEW- AUGUST 2026

VETERINARIAN- PIERRE, SD

Oahe Veterinary Clinic is seeking 1-2 veterinarians to join our mixed animal practice. The practice is located in the heart of central South Dakota. Pierre/Fort Pierre are towns full of activities for any outdoor enthusiast. With our location right on the Missouri River, boating, fishing and camping opportunities are abundant.

Our practice is a four veterinarian mixed animal clinic. We are equipped with four portable hydraulic chutes, haul in facilities with a hydraulic chute in clinic, 3 Easi-scan ultrasound units, equine stocks, digital X-ray, ultrasonic small animal dental machine, two gas anesthesia machines, small animal ultrasound and serum chemistry/CBC in house. Our team is searching for a full-time veterinarian that is motivated, well rounded, has excellent communication skills and is interested in practicing high quality, mixed animal medicine. We welcome applicants with other interests and talents that could help us expand and grow as well.

Our current veterinarians have over 65 years' worth of experience that a new/recent graduate could use for mentorship. The clinic is open M-F, 8-12p and 1-5pm. We do not have Saturday hours, but emergency services will be split among all veterinarians. We offer a competitive salary, health insurance, paid vacation, continuing education, association and professional dues, matched 401K, cell phone, a practice vehicle and necessary equipment, along with an experienced support staff. Please contact Dr. Heather Osnes at (605) 280-1654 for more information. Send a cover letter and resume to carlisleavm@gmail.com.

VETERINARY TECHNICIAN- VALLEY CITY, ND**Valley City Veterinary Hospital in Valley City, ND is seeking a Veterinary Technician**

We provide veterinary care for both small (75%) and large animals (25%). Our services range from routine wellness exams for pets to herd health management and emergency care for livestock. We are committed to delivering high-quality, compassionate care that supports the health of animals and the success of the people who depend on them.

The Impact You'll Make

In this role, you will support veterinarians in delivering medical, surgical, and preventive care to a variety of species. Your work will directly contribute to the health and well-being of companion animals, farm animals, and the broader community we serve.

What You'll Do

Assist veterinarians during examinations, surgical procedures, and treatments for small and large animals.

Safely handle and restrain species including dogs, cats, cattle, horses, goats, and sheep.

Perform diagnostic tests such as bloodwork, urinalysis, and fecal analysis.

Administer medications, vaccines, and anesthesia under veterinary supervision.

Prepare and maintain equipment for both in-clinic and on-site farm visits.

Provide client education.

Why You'll Love It Here

Exposure to a wide variety of cases and species.

Flexible scheduling and comprehensive health benefits, vacation, and retirement plan.

Employee pet care discounts and a collaborative team environment.

What You'll Bring

Veterinary Technician school student or graduate

Knowledge of anesthesia monitoring, dental procedures, and laboratory diagnostics.

Ability to work effectively with multiple species in varied environments.

Strong organizational and communication skills.

Submit a resume to valleycityvets@gmail.com or call Dr Jen Fischer at 701-840-1207 to apply.

JUNE 2026

Job ID: 35243

Agency: Agriculture & Natural Resources - Animal Industry Board

Location: Pierre, SD

Salary: \$115,000.00 Annual Salary

Pay Grade: MD

Closing Date: Open Until Filled

The South Dakota Animal Industry Board seeks to fill the position of **Director of Animal Health - Veterinarian**. The role of the Director is to provide direction for a statewide program by interpreting state and federal regulations and overseeing state/federal cooperative animal health programs and disease control and eradication programs. Applicant must have a valid driver's license for statewide travel, a license to practice veterinary medicine in South Dakota, and a Category II accreditation with USDA APHIS or ability to become licensed and accredited within 30 days.

This is a Full-Time 40 Hours Weekly position with the Department of Agriculture & Natural Resources.

For more information on the SD Animal industry Board, please visit <https://aib.sd.gov/>.

For more information on the Department of Agriculture & Natural Resources, please visit <https://danr.sd.gov/>.

Functions:

- Administers and implements multiple animal industry program services and administrative functions to ensure program goals are met. (Programs such as Animal Traceability, TB Surveillance, National Poultry Improvement Plan, the US Swine Health Improvement Plan Program, Emergency Response & Planning for animal disease events, and South Dakota Voluntary Johne's Disease Program).
- Maintain accountability for multiple program cooperative agreements and their activity management.
- Supervises subordinate staff to ensure goals and objectives are met.
- Foreign animal disease preparedness and response.
- Provide veterinarian and producer outreach and education.
- Administer interstate and intrastate animal movement requirements and compliance.

Licenses and Certifications:

Applicant must have a valid driver's license for statewide travel, a license to practice veterinary medicine in South Dakota, and a Category II accreditation with USDA APHIS or ability to become licensed and accredited within 30 days.

The Ideal Candidate Will Have:

- Identify and define problems or potential problems and determine resolutions
- Develop new programs or change existing ones to meet changing trends and needs

- Analyze information and draw sound and reasonable conclusions
- Interpret federal and state laws
- Take part in additional training or experience with state or federal animal health response or communication programs
- Be able to communicate priorities and oversee responses to disease outbreaks

Knowledge, Skills, and Abilities:

- Knowledge, skills, and conduct expected of a veterinarian licensed and accredited in South Dakota
- Understanding of federal and state laws governing animal health, public health, food safety, and the practice of veterinary medicine
- Knowledge of animal diseases, their causes and control
- Knowledge of animal disease vectors and their control
- Skills in epidemiology and population medicine
- Principles of effective human relations and dealing with the public
- Excellent written and verbal communication skills

Additional Requirements: To be considered, please attach your resume.

This position is exempt from the Civil Service Act.

The State of South Dakota does not sponsor work visas for new or existing employees. All persons hired will be required to verify identity and eligibility to work in the United States and complete an Employment Eligibility Verification, Form I-9. The State of South Dakota as an employer will be using E-Verify to complete employment eligibility verification upon hire.

The State of South Dakota offers \$0 premium employee health insurance option plus eleven paid holidays, generous vacation and sick leave accrual, dental, vision, and other insurance options, and retirement benefits. [You can view our benefits information here.](#) This position is a member of Class A retirement under SDRS.

"An Equal Opportunity Employer"

REGISTERED VETERINARY TECHNICIAN- PIERRE, SD

Enjoy small town connection and rewarding patient care with a supportive, growing team in the capital of SD along the Missouri river! Animal Clinic of Pierre is a canine/feline clinic with a few exotics/pocket pets that has been serving the capital area for over 30 years with a loyal client base that has room to grow. Our hospital is independently owned and supports investing in our team, building our practice and work life balance.

We are currently in a river-view facility with 2 exam rooms, but we are in the process of constructing a new 5 exam room facility with an anticipated move in July of 2026! We offer in-house laboratory equipment, digital Xray, ultrasound, dental Xray and a dental unit. Along with preventative care, we see challenging and varied internal medicine and orthopedic cases with a large number of sporting/hunting canines.

Our dedicated team currently consists of 4 veterinarians and 8 support team members running a 2-2.5 doctor FTE workday. A new veterinarian will be starting with the team in August, so we are growing! We are open M-F 8-5 and closed on weekends, with FT veterinarians sharing call after hours. We seek a full time registered veterinary technician to cover a 4-4.5-day work week. Hourly wage will range between \$20-28 per hour and will depend on experience. A benefits package is included along with the opportunity for after-hours bonuses based on your availability.

Enjoy life along the river with a community that loves hunting, fishing, camping, boating and Zestos ice cream! Easy weekend getaways to the beautiful Black Hills or Sioux Falls for entertainment and shopping.

To apply, submit a cover letter and resume to Dr. Christina Fischer at acop.pierresd@gmail.com.
